**Abbey Howell...(909) 348-3779...abbshowell@yahoo.com**

Hello Federation Sister’s,

Welcome to April Showers! So far this has started off as an eventful year. We have all had the pleasure of memorializing “Mrs. We’ve Always Done It That Way”, and attending the services of her cousin “That’s not the Way We Do It”. Well meet the Newbie, stepping into the Sand-Box and Speaking up! It wasn’t easy but we managed to take the rings, moving our clubs forward. Celebrating our successes with gratitude and giving back to the communities as volunteers.

The Spirit of Joy & Transparency will be celebrated at the 67<sup>th</sup> Annual San Gabriel Valley District Convention held in Pomona, CA at the DoubleTree by Hilton. It is my pleasure to announce we will have a total of 20-Clubs in attendance. Club Presidents will be stepping up to the podium to receive their certificates for 2022 Award Winning Reports, as we celebrate and honor our club members for Citizen and Club Member of the Year. Terry Perkins First Vice President-Dean and the entire District Chairpersons, what a fabulous job you have all done. Thank you.

Spring Council this year was magical. We enjoyed the local high school students performing and enjoyed viewing the members and student photography and Art displayed. It was nice to have so many different entries. All students competing at Spring Council will be awarded \$500 to continue their musical studies provided all guidelines are followed. Congratulations!

#### **Staying in the KNOW.....**

- Marilyn Cruz will not continue as District Recording Secretary. I am pleased to announce we had two members step forth requesting to be considered for the appointment. My decision will be forthcoming.
- Rosette Clippinger will not continue as District Treasurer. Her resignation was accepted for the exit of March 31, 2023 and Pro-tem Shari Kovach will move forward to be ratified for the position of District Treasurer to complete the 2023-2024 term of office.
- Diana Limon District Fundraising Chair has expanded her committee with helping hands of the Whittier Women’s Club, thank you President Floretta Sheppard.

JOY & TRANSPARENCY

Hello Members,

It is hard to believe that our Convention is just a month away. I'm always excited about attending, I look forward to learning new skills, procedures, and celebrating our accomplishments TOGETHER. I have grown and you are all my mentors. You have told me about the past, guided me in the present and taught me daily, this will make me stronger in the future. I love sharing my experiences and will always promote attendance. I hope that you are also attending and that we wrap up this year with new strengths, knowledge and continued friendships that make us the greatest organization on earth. You still have time to turn in your paperwork, just in case you are on the fence about attending. If you have questions, please feel free to call me. I will do all I can to assist you. Presentations for next year's convention will also take place and I will need each of you to submit a suggestion form on what we can do to make the convention better. I can tell you that costs are already on the list. The convention committee meets in one week and we are anxious and excited. There are new people on the committee who are nervous but I know that they will be met with kind smiles and an overall abundance of help. I know this because each and every year I am comforted by them. Be Extraordinary, Shoot for the Stars, Build for the Future, and Let's Celebrate our success. I am Spirit ready and I know you will be too. I look forward to seeing each of you, April 21 & 22, 2023.

**If it Weren't for You I . . . . .**

For more than a year our District has been dealing with a small group of members who appear to be repeatedly looking for what they say are problems that will cause our organization to be disbanded, and our officers to be censured or possibly be charged with crimes. Our leadership team has responded to each issue through email, conversations at regular Executive Board Meetings and special meetings. Leaders have listened, answered questions made adjustments to our practices and proposed changes to Bylaws and Standing Rules.

Many members have listened and participated in both formal and informal meetings. Comments have been made stating the complaints are seen as unnecessary distractors that make the climate of our meetings unwelcoming to both current and new members.

It appears no matter what is said, what evidence is shared or what changes are made, the few continue to complain about the same things. Many of us have wondered why this is happening and what is being gained by those few who are constantly complaining.

Have you ever heard about the idea that we fill time with procedure/rituals, pastimes and what are called game? A procedure/ritual is what we do when we greet people. It follows a relied upon practice that is differentiated depending on how well we know the people we are greeting. A pastime is like something we all do at social events. It is the typical chit-chat like talking about good restaurants, places to vacation, politics etc. Games are more a complex way we interact with other that have a hidden quality and a benefit to the players. Some games are of our own making and some we may get caught up in and do not want to be a part of.

One game is called "If it Weren't for You . . . . . In that game a player says something like, if it weren't for you I would be able to do XYZ and my life would be better. This leads to arguments and the person who was not allowing XYZ to happen may feel guilty and give nice things to make up for having imposed the restrictions. (First benefit of the game.) The complainer typically believes that statement to be true, their life would be better if they were allowed to do XYZ. However, it may be that they are really afraid of doing XYZ and the game allows them to complain without having to really do what they may be afraid of doing. (Second benefit of the game.)

The way to know this is a psychological game is when the person complaining does not get the reward of favors/gifts etc. as they expect. This causes the complaining party to double down and complain more, feel frustrated and bewildered.

When a game is played for a long time and a player stops participating, the ending is neither smooth or painless.

Education & Libraries April is named after Aphrodite, who was associated with love, beauty, pleasure, passion, and procreation. The word "April" is from the Latin word "apert," which means "to open" and April is the month that "opens" our growing season when trees and flowers start to blossom. April is the Month of the Young Child. Remember the innocence of children? Let's do our best to ensure their innocence—much more difficult than ever before due to the Internet, movies, and tv. It's sad to report, but painfully true, that because of Covid-19 and the shutting down of public schools in most states, that many of today's students at all levels are way, way behind in their education. Thankfully, all school systems nationwide are still attempting to remediate this dilemma. Some are suggesting that the school day be lengthened and even the school year. This might work...but who knows? Let's all pray for our schools' students---from pre-Kindergarten all the way through the university. Prayers are needed. The children today are our tomorrow, and they deserve the best. You, fellow club members, what can you do to help? Within your own family, you might start by reading aloud to your children and grandchildren. Even if they live far way, you can use the internet to do this and do a Zoom or Facetime call to do the reading. Also, one and all are encouraged to contact a local school and library and volunteer to do a "read aloud" to children or tutor one child one-on-one in person. I am sure you will be most welcome! And our outstanding public library system? What's happening? Great things as always. Here's the link: <https://lacountylibrary.org/> With your free library card, you have access to a host of services, one favorite is Kanopy—free videos you can watch on your laptop or smart phone right there at home: "Your very own movie theater—without having to drive and park your car...popcorn, hamburgers, tacos, chips, sodas whatever in the comfort of your very own living room. There is also access to music of all kinds. ***Floretta Sheppard...sheppard1949@msn.com...562-857-7818***

Ladies of the SGCD, Earth Day which is April 22nd, is nearly upon us. I am listing some ideas for consideration for our Clubs and for us as individuals:

California State Parks Foundation has a sign-up to receive a kit for trash removal in and around our communities. You will receive gloves, bags and other materials. Whittier Women's Club has signed-up already. If you "google" California State Parks Foundation you will find information needed to participate.

A fun and informative idea is to go on-line and put in [conservation.org](http://conservation.org). You will find Earth Day quizzes your Club and or you can take to learn what you know or what you really don't know about the environment.

Consider planting a vegetable garden and sharing our bounty with family, friends and club members.

Clean out your closets and donate clothes to a charity. Manufacturing new clothes requires both energy and water resources.

Plant a tree and/or donate to Pennies for Pines. Many of our Clubs reported donations to Pennies for Pines. With the devastating fires in California in the last several years, reforestation is a great need.

Remember to use reusable grocery bags or remember to recycle your plastic bags.  
Turn off lights and other electronics when not needing to be used.

Collect E-waste and dispose at a official collection site.

I congratulate many of us and our Clubs for putting forth our best efforts in making our Earth a Better Place.

Most who know me, know that I never throw away anything having to do with history. Yes, I have life sized statues of Eleanor Roosevelt, Jane Addams, Susan B. Anthony, President Hoover, and Al Capone in my bathtub. It is not surprising therefore that I have a copy of a National Women's History Project's Newsletter from 2018 in a drawer in my craft room. I started reading it and thought I would share some "Did You Know" information with you. These statistics are 7 years old. They seemed horrific when I first read them, but compared to 2023 it is unimaginable how things have escalated. Challenge your members to find the comparable figures, make table tents and share them with your club.

**Breaking the Silence on Sexual harassment**

Sixty percent of U. S. women say they have experienced sexual harassment. 69 percent of these women were harassed at work, 45 percent experienced street harassment, and 43 percent were harassed in social settings. There have been more than 2.3 million #MeToo tweets from 85 countries, 24 million people have posted Facebook comments about harassment. From early 2020 – 2016, nearly 200,000 people filed harassment charges with the Federal EEOC.

On any given night in 2016, over half a million people experienced homelessness. The figure includes 195,000 people in families with children, 75,000 people with disabilities, and 40,000 veterans.

**Women in the Vietnam War**

An estimated 11,000 American military women served in Vietnam during the war. Nearly all women serving in Vietnam were volunteers and the majority of them were nurses, most in their early 20s right out of school. The guerilla warfare of Vietnam meant that women military personnel were constantly in harm's way, many were wounded and eight American military personnel lost their lives in the war. Nurses witnessed extreme injuries and mass casualty events, often working around the clock. VA reposts estimate that nearly 50% of women who served in Vietnam will suffer from PTSD during their life. Despite their heroism, women received little recognition from the military and the VA was ill equipped to meet their needs.
